

# Week Beginning 10/7/17

## Weekly Newsletter

Clover Hill VA Infant and Nursery School

### learning updates...

What a busy week it has been! We have completed lots of artwork this week. We made a colourful alien picture on Tuesday but we had to make sure that there was a 3D element in our picture. During the week we also made some lovely portraits of our friends for our leaver's assembly. We had to observe and draw carefully then paint them, including lots of detail. They look great! We have been practising for our assembly lots this week and look forward to performing it to you on Tuesday! On Thursday it was our Sports day. We all tried extremely hard and had a great afternoon. We hope you enjoyed it too!

#### Next Week's Rhyme...

Last night I saw a UFO descending from the sky.  
It landed in my garden, but I'd no idea why.  
The spaceship doors were opened wide, and to my great surprise  
A stream of aliens came out before my very eyes.  
There were: *Big ones, small ones, every shape and size*  
*Neat ones, sweet ones, ones with bulging eyes.*  
*Wary ones, scary ones; the strangest things you've seen,*  
*And yet (despite the myths I've heard)*  
**NONE OF THEM WERE GREEN**  
They wandered from their spaceship and came to speak to me  
They thought I was earth's leader (as far as I could see).  
They introduced themselves to me, each in their own way  
Using different voices for what they had to say.  
There were: *Squeaky ones, creaky ones, some that sounded loud.*  
*Sly ones, shy ones, blending with the crowd.*  
*Smiley ones, wily ones, some that looked quite mean,*  
*But still (despite the myths I've heard)*  
**NONE OF THEM WERE GREEN!**  
I spent the evening with them and we partied through the night  
Until the early morning, when they left before first light.  
I told my friends about them, and everything I'd seen;  
They all were truly jealous and, yes,  
**ALL OF THEM WERE GREEN!**

#### Mathematics

This week in Maths we have been recapping fractions. We were finding halves and quarters of numbers and had to use cubes to make alien snakes. For example an alien snake which was  $\frac{1}{4}$  blue.

#### Stars of the week

##### Owls

Morgan and Summer

##### Kingfishers

Noah and Lily

#### Reminders...

**Year Two Leavers Assembly -**  
**Tuesday 18<sup>th</sup> July at 10am.**  
**21<sup>st</sup> July - Last day of term.**

#### Vocabulary of the week

**3D, portrait, fraction**
