

Week Beginning 22/01/18
Weekly Newsletter

Clover Hill VA Infant and Nursery School

learning updates...

This week we have been reading the story of 'The Kapok Tree'. We have been looking the effects of deforestation on animals, people, plants, landscapes and climate. We used persuasive text to create our own posters to stop the woodcutter from cutting down the trees. We tried to remember the 3 b's when designing our posters - big, bold, and bright! We discussed the importance of looking after the remaining Rainforest. In gymnastics we have been jumping safely remembering to bend our knees. In Collective Worship we have been looking at Fairtrade.

English

This week we have continued to learn our warning story. We have been working hard on our new sounds and reading of tricky red words in our Read, Write, Inc. groups. We designed posters in topic.

Mathematics

In maths we have been investigating multiplication and division. We are becoming really good at our 2, 5, 10 and three times table. We have also been problem solving.

Next Week's Rhyme...

Rainforest poem !!!

The rain giggled going through the trees,
The leaves tickled him which made him
sneeze,
Spontaneously dancing and victoriously
prancing,
The giggle turned to a laugh as the animals
looked daft.

Reminders...

Please continue to read with your child EVERYDAY if possible.

If taking part in the 'Big Garden Birdwatch', please return completed forms to your class teacher.

Stars of the week

Owls
Louis and Tiegan
Kingfishers
Caitlyn and Jaimeson

Vocabulary of the week

Deforestation, protect, respect

Please discuss these words with your child ☺
