

Autumn Term, Second half, 2020

**Year 1 Learning**

# Terrific Toys!

Look at the poster we found! We are going to become toy experts and help Santa!

## WANTED

Toy Experts and Advisers

- \*Do you like playing with toys?
- \*Do you know about different toys?
- \*Do you know which materials toys are made from?
- \*Can you make toys?
- \*Do you know about old and new toys?

Please call Santa on 0987654321

### Science

We will learn to name a variety of everyday materials, including those used to make toys.

We will describe the properties of these materials as well as compare and group them.

We will investigate rolling toys.

### History

We will ask and answer questions about toys from the past.

We will place toys in chronological order.

We will identify differences between toys now and toys from the past.

### Geography

We will continue to explore different maps, atlases and globes.

Together, we will locate places that are important to us.

### Design Technology

We will design, make and evaluate a toy for a young child.

We will also design new Christmas wrapping paper.

### Art and Design

#### Exploring Printing and colours

We will learn to mix colours

We will be printing using a variety of different tools.

### Jigsaw

A mindful approach to Personal, Social, Health Education.

#### Unit 1: Being me in my world

We will explore:  
Feeling safe and special  
Belonging  
Choices and consequences  
Feeling valued & contributing  
Breathing exercises

### Computing

We will learn to navigate within digital content, such as an online picture books or maths game.

### PE

We will be developing our jumping skills, thinking about how to stay safe by bending our knees and keeping our feet together.

We will be linking jumping and bouncing to create a sequence of movements.

### Music

#### Weather

We will use voices, movement and instruments to explore different ways that music can be used to describe the weather.
