

After reading the story 'Supertato!' we started to explore the question...

What is a hero?

History

We are going to research the famous hero 'Florence Nightingale' using different sources of information. We will make comparisons and we will consider what Florence Nightingale has taught us.

Geography

As 'superheroes' we will develop our mapping skills. We will be using aerial photos and maps to locate villains. As well as using positional language to describe the location of villains.

Art and Design

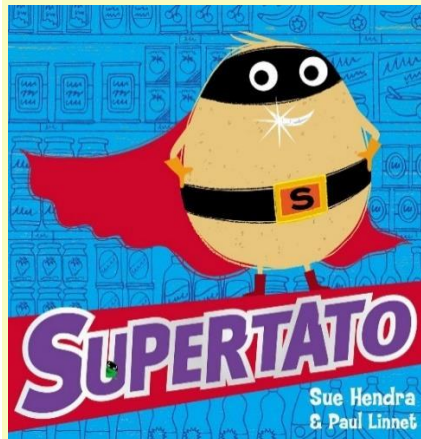

We will explore a range of paint as well as tools and techniques. We will learn to mix secondary colours and shades.

Science

A torch for Florence..

When investigating light we will be asking simple questions and recognising that they can be answered in different ways.

We will perform simple tests and begin to record in different ways.

Jigsaw

A mindful approach to Personal, Social, Health Education.

Dreams and Goals

Succeeding
Setting and achieving goals
Overcoming obstacles
Working together
Mindfulness

Computing

Coding

Simple inputs: We will write code to make objects move when the app starts and disappear when they are clicked.

We will design and create an app, giving reasons for the decisions we have made

PE

Games

We will focus on improving our attacking and defending when playing 'invasion games.'

Music Machines

We will explore beat through movement, body percussion and instruments.

We will then combine steady beat with word rhythms and explore changes in tempo.
