What's been happening this week?

We are excited to show you our new 'Rainbow room' based in Reception. The Early years team have worked hard to redesign this area to what it is now, and we will continue to improve and respond to the needs of our individual children.

All children have enjoyed starting to explore and enjoy what it has to offer.

Our Rainbow Room provides:

- A therapeutic environment for children with autism and additional needs
- Sensory equipment that can be used to develop a range of physical skills
- A calming space for pupils experiencing emotional or behavior difficulties
- Support for children learning to manage their emotions in a safe environment.

Our Rainbow room is a relaxing, calming environment which allows children to explore the magic. It enables the children to delve into their senses in a soothing environment.

IN CASE YOU MISSED IT...
