CHINESE NEW YEAR

begins on
27th January ending on February 12th.

This year is the year of the snake. Are you, or any family members, born in the year of the snake?
Anyone born in 1929, 1941, 1953, 1965, 1977, 1989, 2001, 2013 was born in the year of the snake.
Those born in the year of the snake are said to be intelligent, creative and resourceful.

Children from Culture Society will be leading assemblies at Clover Hill and St. Michael's and running Chinese New Year activities that children can choose to take part in over lunchtime.

LIFE VAC

Thanks to a suggestion from a parent of a child at the school, we have now purchased a **Life Vac anti-choking device** for school.

Staff will be trained and this will be kept in the dinner hall.
Life Vac's for home can also be purchased from ***Life Vac Europe Ltd.***

Please do share any ideas or suggestions you have with the school.

NATIONAL CHANGES TO SCHOOL ATTENDANCE

Planning a holiday?
Illness with no medical evidence?
Arriving Late after registers closed?
The Government has made changes to school attendance.

This could affect you!
If your child is absent for 5 days or more without permission or medical evidence you will face fines.

You can help yourself!
We can give you information, advice and guidance.
Speak to us for support.

Designated Safeguarding Lead Mrs. McCarney, **Alternate Safeguarding Lead** Mr Bennison, Mrs. Inger, Mrs. Frary
SENCO Mr Laband **Pastoral** Mrs. Inger **EYFS Lead** Miss Weston **KS1 Lead** Mrs. Chaplin

PLEASE BE AWARE SOME PUPILS HAVE HEADLICE.

Please take a look at our head lice and nits advice from the NHS on page 4

TRANSITION FROM LITTLE CLOVERS TO NURSERY

The children who attend Little Clover's are:

1. familiar with the school
2. used to leaving parents to go and play with others
3. learning to share and listen
4. used to mixing with other children

Parents are also more relaxed when their children attend Nursery or Reception as they have met staff, are familiar with the school and have seen the areas available to their children.

PARKING IN THE STAFF CAR PARK

The school car park is for **STAFF USE ONLY.**

Parents are reminded **NOT** to pull in and park in the car park when collecting their child.

Thank you.

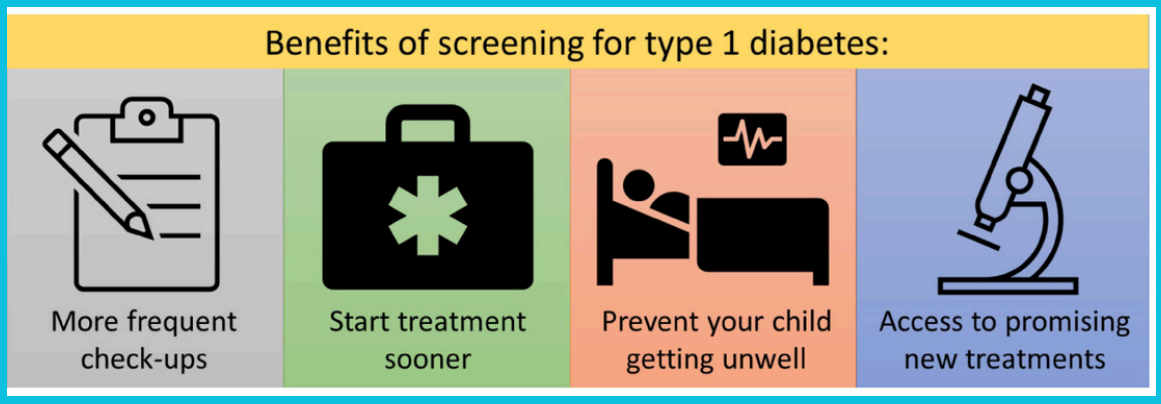

IMPORTANT information about Diabetes Type 1

Did you know that our area in Norfolk and Waveney has the highest number of people with Type 1 Diabetes across the whole of the UK?

It is vital that parents know what signs to look for in their child. Diabetes can be life threatening if left undiagnosed. SCHOOL CAN HELP!

WE ARE PART OF A RESEARCH PROJECT TO SCREEN ALL OUR CHILDREN.

Join our Parent Information Session on

Wednesday 22nd January 1.30pm

in the Family Room at St Michael's to find out more.

Refreshments free of charge.

Additional 'Diabetes Screening Information Session' will be at Clover Hill on

Friday 24th January from 2-3pm

CHILDREN WILL BE SCREENED ON WEDNESDAY 26TH FEBRUARY IN SCHOOL.

HEAD LICE AND NITS ADVICE FROM THE NHS

ONCE A WEEK, TAKE A PEEK!

Head lice and nits are very common in young children. They don't have anything to do with dirty hair and are usually picked up from head-to-head contact.

Check if it is head lice

Head lice are small insects, up to 3mm long. They can be difficult to spot. Head lice eggs (nits) are yellow, brown or white (empty shells) and attached to the hair.

How does it feel?

- Itchy!
- like something is moving in your hair

The only way to be sure someone has head lice is by finding live lice or eggs.

You can do this by combing the hair with a special fine -toothed comb (detection comb). You can buy these online or at pharmacies.

How to get rid of head lice

You can treat head lice without seeing a GP. Treat head lice as soon as you spot them. You should check everyone in the house and treat them on the same day if they have head lice.

Use a fine toothed-comb

If you don't want to use chemicals, you can buy a special fine-toothed comb online or from pharmacies to remove head lice and nits. There will be instructions on the pack but you should - use the comb on wet or dry hair – although it usually works better on wet hair with conditioner. Comb the whole head of hair from the roots to the ends.

Repeat every few days for 2 weeks

Use lotion or spray

You can use medicated lotions and sprays to kill head lice in all types of hair. You can buy these from pharmacies, supermarkets or online. Head lice should die within a day. Some treatments need to be repeated after a week to kill any newly hatched lice.

There is NO need to keep your child off school if they have head lice.

There is nothing you can do to prevent head lice. You can prevent head lice from spreading by avoiding head-to-head contact.

Don't use medicated lotions or spray to prevent head lice as this can irritate the scalp and skin.

Little Clovers

Parent and toddler group (0-4yrs old)

Here are some pictures of our brand **NEW Little Clovers toddler group,** every Friday 9:30-11am at Clover Hill for aged 0 to 4 years old.

Inside and outside activities.
