CARTER BUILDERS DONATION

Carter Builders recently **donated and planted eight trees at Clover Hill Infant School**, with children from each class eagerly taking part in the planting.

This project is just one example of the strong relationship between the builders and the school, built around shared values of caring for the environment, promoting recycling, and supporting sustainability.

Together, we are **creating greener spaces** for the children to enjoy and learn from, and we look forward to working on more exciting projects in the future that benefit both the school and the wider community.

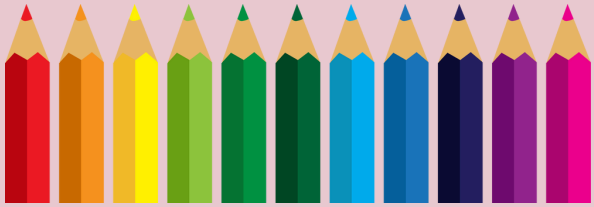

A HUGE THANK YOU TO OUR RECEPTION PARENTS

We would like to say a **heartfelt thank you** to our Reception parents for their wonderful generosity and support through our **Amazon Gift List.**

Your kind donations of glue sticks, laminating sheets, pencils, stickers, craft supplies, and so much more will make such a positive impact on the children's learning and creativity. These **resources will be used daily to support** exciting activities and learning opportunities in class, and we are so grateful for the difference they will make.

This **thoughtful gesture truly highlights the strength of our school community**, and we are delighted to see how much it is already helping our youngest learners thrive.
